SUMMARY

Dynamic Software Development Engineer with a proven track record at Translense, specializing in scalable SaaS solutions. Expert in NestJS and real-time WebSocket implementations, achieving a 40% reduction in response latency. Adept at system design and fostering team collaboration, driving impactful results through innovative architecture and robust API development.

EXPERIENCE

SOFTWARE DEVELOPMENT ENGINEER(PRODUCT LEAD), 06/2024 - Current
Translense, Noida, UP

- Led end-to-end development of multi-tenant SaaS platforms, designing scalable backend architecture and REST APIs using NestJS, TypeScript, MySQL, and MongoDB.
- Developed core business modules including Order Management, Inventory Management, Coupon & Discount Engine, Menu Management, and Reporting systems.
- Built responsive React.js applications and real-time features using Socket.IO, improving customer-client synchronization and operational efficiency.
- Leveraged GCP for image storage and processing workflows, while integrating Twilio, Brevo, and payment gateways to streamline business operations.
- Optimized database performance through query tuning and indexing, database seeding.

SKILLS

Languages: JavaScript, TypeScript, Python, C++
Backend: Node.js, Express.js, NestJS, REST APIs, WebSockets (Socket.IO), Jest, Unit Testing, E2E Testing
Frontend: React.js, Redux, Tailwind CSS
Databases: MySQL, MongoDB
Cloud & DevOps: Google Cloud Platform (GCP), Amazon S3, Docker
Tools: Git, Postman
Concepts: System Design, Data Structures & Algorithms, Database Design, Authentication & Authorization

EDUCATION

Lakshmi Narain College of Technology, Bhopal, MP, 06/2024

Bachelor of Technology: Computer Science

CGPA : 8.02

Dav Public School, Ranchi, Jharkhand, 03/2020

Senior Secondary School: PCM

Percentage : 76%

ACCOMPLISHMENTS

- Successfully led and mentored a small development team, ensuring timely and quality delivery.
- Solved 300+ LeetCode problems in 50 days, excelling in DSA and algorithmic problem-solving.
- Achieved Code Studio Level 6 (Master), ranking among top problem-solvers.
